

Behaviour – Well Done!

At the Academy we use the reward and consequence (C's 1-6) system to warn children if their behaviour is not of the acceptable standard. Children should follow the school rules; **Be Safe, Be Responsible and Be Respectful**. Children achieve this may not being issued a C4 which would be a playtime detention.

The totals below show how many children have achieved this each week.

Thrive Assembly

In this week's Thrive assembly we talked about another of the Wellbeing Indicators: Nurtured

We talked about how important it is to have a caring and stimulating place to live and grow.

Part of being nurtured is being recognized that you are unique. We talked to our friends and recognised what is unique about each and everyone of us. From the way we look to the things we like and dislike and our personalities.

We talked about how we can help to nurture our friends by appreciating and celebrating our differences.

We now know that the way we look and our personality make us different and special. Our likes, dislikes, skills and abilities also make us unique.

Let's help every child

thrive
